PRODUCTIVITY, COST EFFICIENCY & SERVICE TO THE FARMER

Soilmaster Boom Sprayers

SOIL MASTER

Tractor mounted and trailed type sprayers are developed to meet the different requirements of plant protection treatments.

They are extremely versatile and suitable, according to the application, to operate in open-field cultivations, spray and distribute herbicides among the plant rows.

The availability of several mechanical and hydraulic spraying booms together with different equipments and options allow our sprayers to suit the requirement of the single users in the specific treatments.

Soilmaster 800L boom sprayer
