

SPIROMIX

Concrete Mixer

Teagle

teagle.co.uk

200H

SUITABLE FOR: Agricultural and amenity construction projects

Mix Volume	Weight Laden	Min.Tractor Size
Approx 280 litres	Approx 815 kg	50 HP

Unparalleled mixing

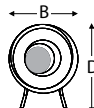

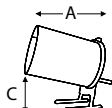

Holds 50kg of cement: with a 6:1 mix of aggregate.

Effective Mixing: The deep spirals ensure an efficient and thorough mix.

Simple hydraulic drive: Double acting spool at 30 lpm.

Easy loading through the wide mouth of the drum.

No tipping required: The drum rotates in one direction for mixing and in the opposite direction for unloading. Discharge height is adjustable on the three point linkage.

MODEL	Mix Volume	A	B	C	D	Weight (empty)	Linkage	PTO
SPIROMIX 200H	Approx 280 litres	1.11 m	0.82m	0.57 m	1.42 m	190 kg	Cat 2	N/A

The company's policy is one of continuous improvement and development, therefore specifications are subject to change without prior notice.
